

QUALITY

A close-up photograph of a CYPRES 2 marker barrel. The barrel is cylindrical and features a silver-colored section on the left and a gold-colored section on the right. The silver section has the text "CYPRES 10-005" engraved on it. The gold section has a circular hole. The barrel is positioned diagonally across the frame.

CYPRES
10-005

IS A

CHALLENGE

**WHICH WE
DIALY MEET**

**WITH EACH
SINGLE UNIT**

CYPRES Cutter at their individual quality control with x-ray, since production start in 1991

UNIQUE

V-CUT

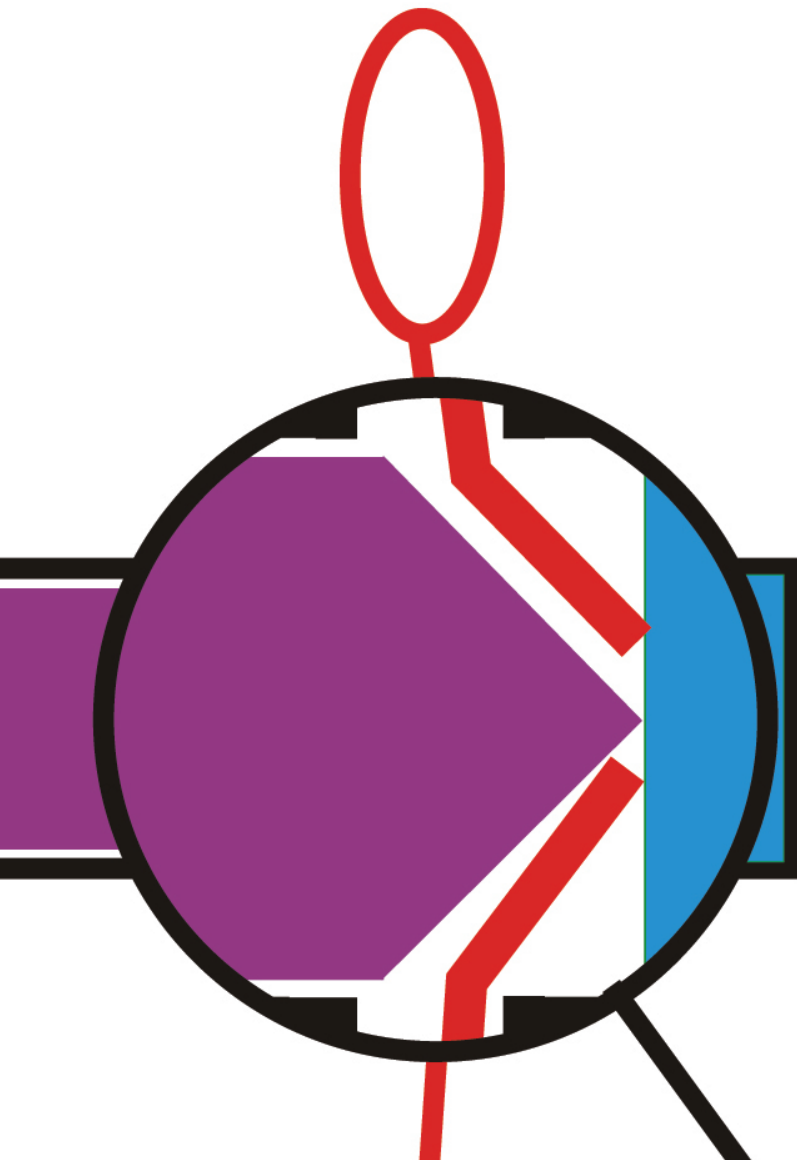

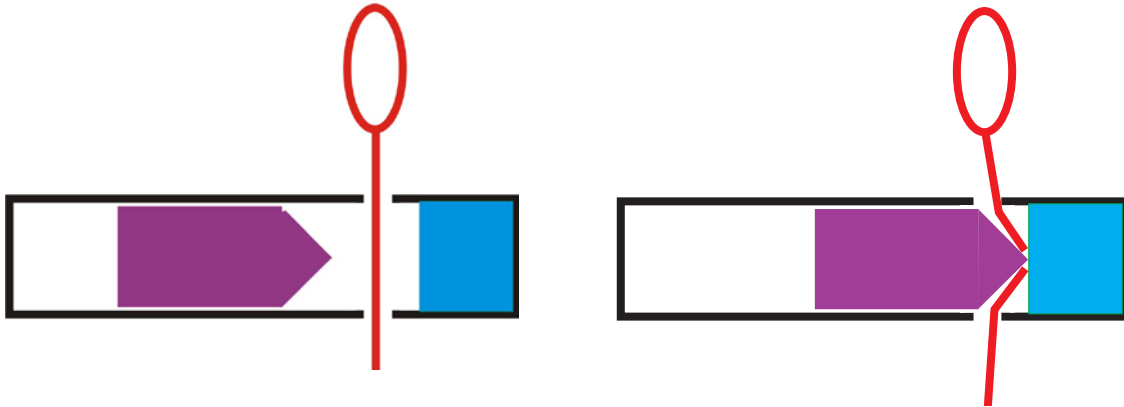

TECHNOLOGY

**ERROR FREE
FOR MORE THAN
23 YEARS !**

CYPRES

v-shaped knife

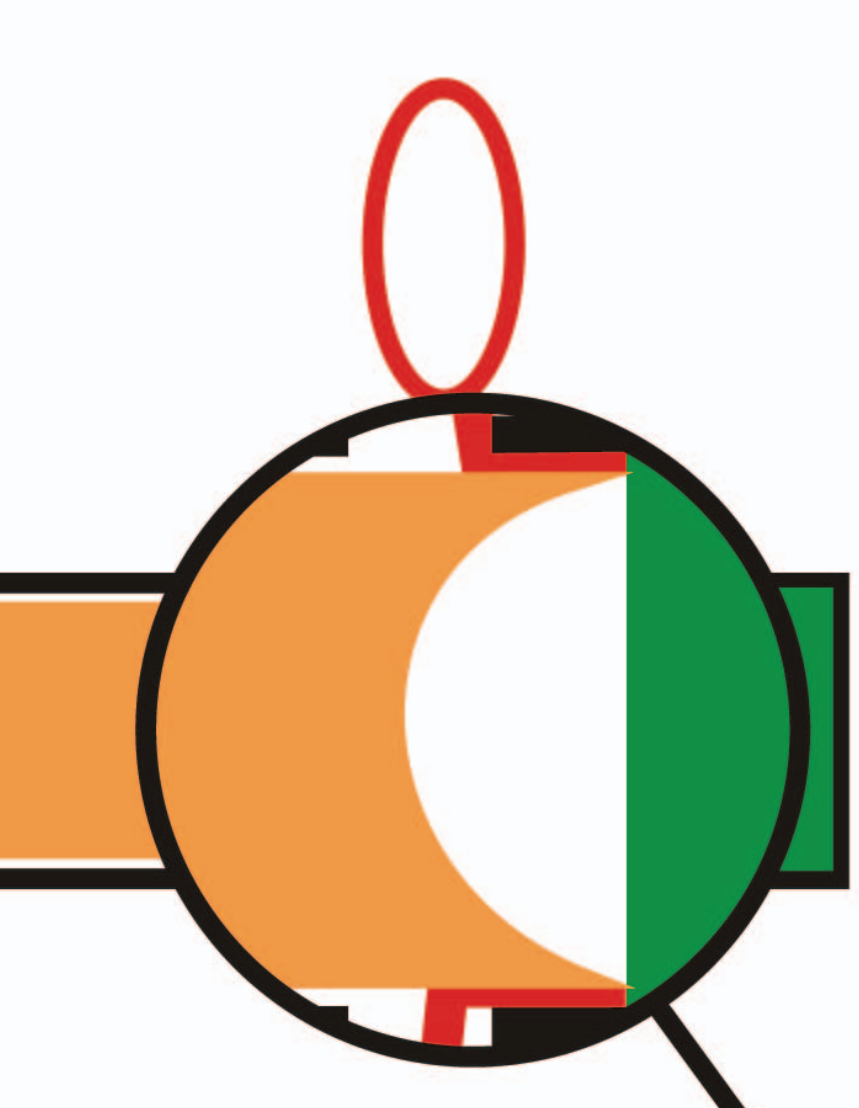

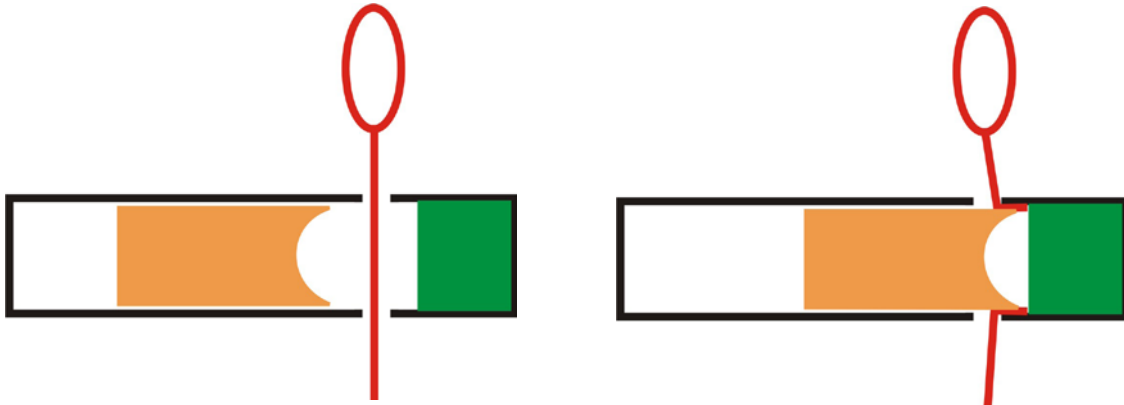

- *cuts the Loop 1x*
- *full force hits the 5mm long knife*
- *no gap created*

***Loop doesn't
get jammed !***

Airtec hat seit dem 10. Januar 1991 über 200000 CYPRES Cutter hergestellt.
Alle Cutter haben immer das Reserveloop durchgeschnitten.

others

circular knife

- ***has to cut the Loop 2 times***
- ***the force hits the 15,7mm long circular knife***
- ***a small gap exists between knife and cutter case***

Loop might get jammed !

others

circular knife

unclean cut !

1. point of intersection

2. point of intersection

Loop jammed !

**NO CYPRES EVER
HAS REFUSED TO
ACTIVATE AND CUT
THE LOOP.***

*To our current knowledge.
